While returning from Hutchinson one day this week in an automobile, Albert Watkins of this city, as careful a driver as there is, had the misfortune to strike a five year old child at Sterling, causing some injury. It seems that the little one had started across the street, but seeing the auto attempted to turn back, getting close enough to the machine for one of the lamps to strike his head. At last reports he was getting along very well. Mr. Watkins was driving along very slow at the time the accident happened. Too much care can not be exercised by either drivers or parents of children in regard to the little ones being on the street. They have many narrow escapes in this city. As a matter of fact there is too much fast going by the autos on the streets of Great Bend.

Tell Some Sick One

It Is Free If It Fails.

Will you do an act of Humanity? Will you tell some sick friend of this, my remarkable offer?

Tell him or her, that you have learned of a medicine so certain that its maker dares say to the sick, "It is absolutely and unconditionally free if it fails."

And you, no doubt, already know of Dr. Shoop's Restorative and its popularity. For 20 years it has been the standard remedy for Stomach, Kidney and Heart ailments everywhere in America.

When the "inside" or controlling nerves of these vital organs begin to fail, it is Dr. Shoop's Restorative that has quickly vitalized, and strengthened, and brought these nerves and organs back to health again.

I do not dose the stomach, nor stimulate the heart or kidneys—for that is all wrong. Dr. Shoop's Restorative goes direct to the cause of these ailments—the falling, faltering, inside or controlling nerves. And herein lies the keynote to my success.

When these nerves are again made well and strong, then that is the certain end of all such sickness.

There is a great satisfaction that I am the only physician able to say to the suffering sick, "Take my prescription for full 30 days, and if it fails to help you, the entire expense is mine—not yours."

Then why should the sick take any chance on any other medicine, whose maker dares not back it just as I do by this remarkable offer?

I also have a Rheumatic Remedy—and that remedy is covered by the same identical "No help, no pay" protective plan.

Hesides, you are free to consult me just as you would your home physician. My advice and the book below are yours—and without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan. My best effort is surely worth your simple request.

So let me send you an order at once. Take the message to some sick friend.

A postal will bring the opportunity. I will have an honest and trustworthy druggist to whom you can conveniently go for the 30 day test.

But first, ask me for the order, for all druggists are not authorized to give the 30 day test. So write me now and save all delays. Remember that tomorrow never comes. Address Dr. Shoop, Box 12, Indian, Wis.

Which Book Shall I Send You?

No. 1 On Druggists No. 4 For Women
No. 2 On the Heart No. 5 For Men
No. 3 On the Kidneys No. 6 On Rheumatism

Petition in Bankruptcy.

A petition in bankruptcy was filed by Charles Lundblade, for many years a well known business man of this city, on Saturday, Russell & Russell being appointed to take charge of the business. This was a shock to Mr. Lundblade's many friends in this city, and it is universally regretted that his financial condition has gotten into the condition that it has. He has been a leading business man for years, and a successful one even though conditions at this time owing to unfortunate investments, signifying otherwise. It is hoped that a solution may yet be discovered whereby the tangle will be unravelled.
